It has been a tough two weeks for the staff as I informed you in my letter last week but the support from the SGB and the parent body has been amazing. We really have appreciated the emails and phone calls expressing your support for the staff and best wishes to the staff who are in hospital.

On the good news front though, we officially welcomed baby Lisa (Full Moon) Kriel into the Bergvliet family last week, 3 months early mind, but she is as full of energy like her mom, albeit encased in her own little incubator world.

Ms Cowell tied the knot last weekend so we wish her and Glen all the best for married life. Congratulations!

Ms Thompson graduated with her Masters last week, so we congratulate her on this wonderful achievement.

We have just completed our admissions process for grade 8 in 2015 with over 575 applications received which is just over 10% more than last year. Bergvliet High is certainly a school of choice for many families. I am sure some will be disappointed at not being offered a place but this region is blessed with top quality schools so I am sure they will find their niche at one of them. The important thing is that every child has merit and that not being offered a place is not a measure of their worth as individuals. My experience shows that children who are not offered a place will add value to the schools they do attend.

Finally, at the end of the week you will receive your child's report. This is a significant one as it represents a report on your child's academic progress so far this year. It is a strong indicator as to how they are coping or not and if they are on track academically. I encourage you to put the necessary interventions in place at home should it be obvious that your child is not coping. We will be doing the same here at school at the start of the new term. There will be an afternoon and evening for you to meet the teachers next term so keep an eye out for the date and times.

The soccer boys will be touring the Southern and Eastern Cape at the start of the holidays and we wish them all a successful tour. We also wish our provincial representatives taking part in any IPT during the holidays all the best. We know you have worked long and hard for this.

For those families lucky enough to be travelling locally or abroad we wish you travelling mercies and look forward to seeing all of you back at school in July suitably refreshed. Stephen Price

HIDDEN TREASURE

The Bergvliet High School recycling department are again proving to be a force to be reckoned with. So far in the 2014 Collect-A-Can competition they achieved 1st place in February, March and April and are on track to win the Grand Prize in November 2014.

Not only are they steaming ahead with the recycling of cans but they also won the Western Cape regional competition for collecting glass from July 2013 to March 2014, excluding February. In March alone 7460 kgs of glass was collected at the school. The Grand Prize of R30 000 will be awarded in June 2014.

Willy Webb, recycling co-ordinator said, "Together we can win both prizes but we appeal to you to help by bringing your clean glass and cans to the recycling depot".
